

Class 1 enjoyed The Kingmaker exhibition and although a bit dark and scary in parts we learnt about life many years ago and also how tools and weapons were made.

The children enjoyed eating their lunch together upstairs in the Coach House. We were all glad to have somewhere warm to eat and the children were very well behaved. After lunch Class 1 watched some of the birds of prey display and were fascinated by the size of the bald eagle as it flew over our heads!!

The children enjoyed looking round The Great Hall and all the stately rooms. We saw hundreds of books in the library, were amazed by the size of the bedrooms and the beds and the castle even has it's own Chapel.

On our workshop the children found out about attacking and defending the castle.

Some children tried out the stocks!!

We all had a great day and look forward to finding out lots more about castles during this half-term.
