'Care, Significance, Purpose'

Our school mission statement

Care, Significance, Purpose

With a foundation of distinctly Christian Values at our core, Cossington CE Primary School aims to offer an inclusive and inspirational learning environment where every learner is warmly welcomed and can say:

'I am cared for' because God loves me and calls me to care for others.'

'I am significant' because God chose to create me and everyone else in his image.'

'I have purpose' because God created me, and everyone else, with their own unique personality and abilities.'

All of these are rooted in our Christian beliefs that God is a God of Love, Grace and Faithfulness.

MENTAL HEALTH AND WELLBEING POLICY

Approved by Full Governing Body		06/02/2020	
Signature of Chair		Date	06/02/20
Review Cycle	Two years	Review Date	06/02/22

"A healthy school ensures that when pupils are unhappy, anxious, disturbed or depressed there are open channels for them to seek or be offered support, without stigma and with appropriate confidentiality. A healthy school actively seeks to promote emotional health and well-being and helps pupils to understand their feelings".

Positive Mental Health and Emotional Well-being describes how we think, feel and relate to ourselves and others and how we interpret the world around us. It affects our capacity to manage, communicate, and form and sustain relationships as well as our ability to cope with change and major life events.

At Cossington we work towards positive Mental Health and Wellbeing in the whole of our school community, for adults as well as children. We pursue this aim using both universal, whole school approaches and specialised, targeted approaches aimed at vulnerable pupils.

In addition to promoting positive mental health, we aim to recognise and respond to mental ill health. In an average classroom, three children may be suffering from a diagnosable mental health issue. By developing and implementing practical, relevant and effective mental health policies and procedures we can promote a safe and stable environment for pupils affected both directly, and indirectly by mental ill health.

Scope

This policy should be read in conjunction with our medical policy in cases where a pupil's mental health overlaps with or is linked to a medical issue and the SEND policy where a pupil has an identified special educational need. It also links to the following policies: Anti-bullying and Behaviour, Health and Safety, PSHE, Child Protection and Safeguarding.

The Policy Aims to:

- Promote positive mental health and wellbeing in all staff and pupils
- Increase understanding and awareness of common mental and emotional health issues
- Alert staff to early warning signs
- Provide support to staff, pupils and their families

Lead Members of Staff

Whilst all staff have a responsibility to promote the emotional and mental health of pupils, staff with a specific, relevant remit include:

- Vic Chapman – Mental Health Lead Governor
- Matthew Yandell and Christopher McHale - Designated Safeguarding Leads (DSL)
- Lynette Brown – Mindfulness and wellbeing trained STA

Any member of staff who is concerned about the mental health or wellbeing of a pupil should speak to the SLT in the first instance and record their concerns on a staff concerns form. If there is a fear that the pupil is in danger of immediate harm, then the normal child protection procedures should be followed with an immediate referral to the designated safeguarding lead.

If the pupil presents a medical emergency then the normal procedures for medical emergencies should be followed, including alerting the first aid staff and contacting the emergency services if necessary.

Warning Signs

School staff may become aware of warning signs which indicate a pupil is experiencing mental health or wellbeing issues. These warning signs should **always** be taken seriously and staff observing any of these warning signs should communicate their concerns to a member of the SLT.

Possible warning signs include: (this is not an exhaustive list)

- Physical signs of harm that are repeated or appear non-accidental
- Changes in eating / sleeping habits
- Increased isolation from friends or family, becoming socially withdrawn

Training

As a minimum, all staff will receive regular training about recognising and responding to emotional and mental health issues as part of their regular child protection training in order to enable them to keep pupils safe.
